Regulatory Statement

The following represents the minimum required equipment and supplies for a Basic Life Support (BLS) Ambulance responding to emergency medical response calls dispatched by government or private emergency dispatch or call center in the jurisdiction of the agency having jurisdiction (AHJ).

All Basic Life Support ambulances must have the following equipment and supplies onboard their ambulance.

The agency having jurisdiction (AHJ) may inspect any ambulance in its jurisdiction, without prior notice or warning, at anytime during any day or the year. Upon inspection, finding deficits, the AHJ may prohibit the vehicle and crew from responding to any ambulance requests or transporting patients in any manner within the jurisdiction, until the deficits are resolved to the AHJ's satisfaction.

Ambulance service providers, whether government or private, must have a method for resupply of the required items within 30 minutes of need.

At a minimum, ambulance service providers, whether government or private, should utilize diesel fuel, Type II ambulances for BLS Ambulances. Ambulances must meet International Standards Organization (ISO) or USDOT standards for vehicle design, construction, and performance.

BLS Ambulance Equipment and Inventory Requirements an:

All BLS Ambulances under the AHJ will have the following equipment and supplies aboard.

<u>Item</u>	<u>Quantity</u>
Airway: #1 I-gel O2 supraglottic airway	2
Airway: #1.5 I-gel O2 supraglottic airway	2
Airway: #2 I-gel O2 supraglottic airway	2
Airway: #2.5 I-gel O2 supraglottic airway	2
Airway: #3 I-gel O2 resus pack supraglottic airway	2
Airway: #4 I-gel O2 resus pack supraglottic airway	2
Airway: Nasal airway set for adult and pediatric	1
Airway: Oral airway set for adult and pediatric	1
Ambulance Equipment: Bed pan, Vakly Fracture Bedpan (or equivalent)	2
Ambulance Equipment: Extension Cord, 50 ft 12/3 Outdoor Extension Cord Waterproof Heavy Duty with Lighted Indicator End 12 Gauge 3 Prong	1

Ambulance Equipment: Patient Blanket, Emergency Foil Thermal Blanket	6
Ambulance Equipment: Patient Blanket, Medline Disposable Emergency Blanket, 40 x 80	6
Ambulance Equipment: Patient Gown, Disposable Medical Exam Gowns up to 2XL	6
Ambulance Equipment: Patient Mover, Curaplex® Patient Transporter (placed on ambulance cot under sheet to facilitate movement) (or equivalent)	2
Ambulance Equipment: Patient Sheet, Curaplex® Flat Sheet, Fluid Resistant, 84in x 50in, (or equivalent)	20
Ambulance Equipment: Patient Towel, Disposable Large Towel 32x16 inches	6
Ambulance Equipment: Protective Under Pads, Medline Super Absorbent Underpad, 36" x 36" (or equivalent)	10
Ambulance Equipment: Stair Chair, Curaplex Stair Chair (or equivalent)	1
Ambulance Equipment: Stryker Power-PRO XT Ambulance Cot (<i>or equivalent</i>), wheeled, collapsible, with a functional restraint system per manufacturer and power load system.	1
Ambulance Equipment: Tarp, 8' x 10' Blue Poly Tarp	1
Ambulance Equipment: Tissue, Kleenex Ultra Soft Facial Tissues, Cube Box, 60 Tissues per Box, 3-Ply (or equivalent)	2
Ambulance Equipment: Urinal, Disposable Urine Bags 900ML	2
Ambulance Equipment: Wash Down System, 3.5 Gallon RinseKit PRO Portable Shower (or equivalent)	1
Bandage: Kendall 6715 KERLIX 4.5 in x 4.1 yd Gauze Roll (or equivalent)	8
Bandage: Triangular Bandages, 40in x 40in x 56in	2
BVM: Ambu® Pediatric SPUR® II BVM Bag Reservoir, Infant Mask, Medi-Port, Individually Bagged (or equivalent)	1
BVM: Ambu® Pediatric SPUR® II BVM Bag Reservoir, Toddler Mask, Pop-off Valve, Manometer, PEEP Valve (or equivalent)	1
BVM: VT Select™ BVM, Adult Mask, Manometer, PEEP Valve, Filter (or equivalent)	2
Cold Packs	4
CPAP: Oxygen Powered Disposable CPAP System – Adult Large	1
CPAP: Oxygen Powered Disposable CPAP System – Adult Medium	1
CPR: Mechanical CPR Device (i.e., Zoll Autopulse Chest Compression System with Lifeband, Battery and Carry Case) (or equivalent)	1
CPR: Mechanical CPR Device, Zoll Lifeband (or equivalent)	2
Documentation: Computer Tablet in rugged case with Electronic Medical Record System and bar code system installed	1
Documentation: SBAR Report Form for Transferring Care	20
Dressing: ADAPTIC Non-Adhering Dressing, DRS Non-Adh Strl 3 X 8 (or equivalent)	2
Dressing: Curaplex® Burn Sheet, 60in x 90in (or equivalent)	1
Dressing: Curaplex® Fabric Adhesive Bandage, 0.75in x 3ins (or equivalent)	50
Dressing: Curaplex® Multi-Trauma Dressing, 12in x 30in (or equivalent)	2

Dressing: Medline Woven Gauze Sponges, Sterile, 12-Ply, 4 x 4 Inches, Box of 50 (or equivalent)	100
Dressing: Transparent Film Dressing 6" x 8'	2
EtCO2/Oxygen: Curaplex® EtCO2/O2 Oral-Nasal Cannula with Universal Connector – Adult (or equivalent)	6
EtCO2/Oxygen: Curaplex® EtCO2/O2 Oral-Nasal Cannula with Universal Connector, Pediatric (or equivalent)	2
EtCO2: Curaplex® EtCO2 Sampling Line with Airway Adapter Intubated, Adult and Pediatric, 7ft Tubing (or equivalent)	2
Flashlight: Streamlight Stinger 2020 Flashlight with vehicle charger mount (or equivalent)	2
Glucometer: Assure® Prism Multi Blood Glucose Test Strips, Foil Wrapped (50/bx) (or equivalent)	1
Glucometer: Glucometer kit (<i>i.e.</i> , Curaplex® Assure Prism Kits or equivalent)	1
Hemostatic Agent: Hemostatic Clotting Agent, Adventure Medical Kits QuikClot Gauze 3" x 24" (2 Strips) (or equivalent)	1
Hemostatic Agent: Hemostatic Injector System XSTAT® P30 (or equivalent)	1
Immobilizer/Stretcher: Scoop stretcher, Model 65 Scoop™ Stretcher with Nylon Straps and Metal Buckles, Orange Straps (or equivalent)	1
Immobilizer: Spider-Loop™ Immobilization Strap with Loop-Lock System (or equivalent)	1
Immobilizer: cervical/thoracic, K.E.D.® Extrication Device, with Ked, Head Straps, Carrying Case (or equivalent)	1
Immobilizer: Extrication Collar, Curaplex® Extrication Collar, Adult, 8 Settings (or equivalent)	2
Immobilizer: Extrication Collar, Curaplex® Extrication Collar, Mini, 6 Settings (or equivalent)	1
Immobilizer: Head immobilization, Ambu® Head Wedge Head Immobilizers (or equivalent)	2
Immobilizer: Pediatric immobilization device, Curaplex® Pedi Board with Case, 47.5in x 9.75in x 0.5in (or equivalent)	1
Irrigation solution: Sterile Water Solution for Irrigation, 500mL	2
Lubricant: Water soluble lubricant	10
Monitor/Defibrillator/AED: Stat-Padz® Multi-function Electrodes, For Zoll R Series, M Series, X Series and E Series (or equivalent)	4
Monitor/Defibrillator/AED: Zoll M or R Series (<i>or equivalent</i>) set in AED mode with SpO2, EtCO2, NIBP, and 12 Lead ECG capability with a minimum of (48) ECG electrodes, (2) sets of adult defibrillator pads, (1) set pediatric defibrillator pads, (4) Zoll ETCO2 Adapter Adult/Pediatric with device.	1
OB Kit: OB Kit with Swaddler and head cover in Poly Bag	1
Oxygen: D-Size Oxygen Cylinder Brackets	2
Oxygen: Hand Tight Tubing Nipple	2
Oxygen: Heavy Duty Metal Cylinder Wrench, for Large Cylinder	1
Oxygen: Nasal Cannula Adult	6
Oxygen: Nasal Cannula Pediatric	2
Oxygen: Nebulizer with mask – Adult	4

Oxygen: Nebulizer with mask - pediatric	1
Oxygen: Non-rebreather mask - Adult	4
Oxygen: Non-rebreather mask - Pediatric	2
Oxygen: Oxygen Cylinder Tank, Aluminum, Toggle Valve, Size D	3
Oxygen: Oxygen Delivery System installed in unit: 3000 L Oxygen supply, with regulator, 500 PSI minimum oxygen system at any time (installed in ambulance at manufacture)	1
Oxygen: Oxygen Flowmeters, Tee Branch	1
Oxygen: Oxygen Regulator, CGA 870 Standard, 0 to 25lpm, with Hose Barb and 1 DISS	2
Oxygen: Preset Pressure Oxygen Regulator, 3000psi, DISS, CGA 540, Nut Nipple Connection, With Contents Gauge	1
Pediatric Tape: PediaTape, Pediatric Emergency Measuring Tape, 2023-205 Version (or equivalent)	1
Pharmaceuticals: Adrenaline - Epinephrine, 0.15mg Junior Auto-injector	1
Pharmaceuticals: Adrenaline - Epinephrine, 0.3mg Adult Auto-injector	1
Pharmaceuticals: Albuterol (Ventolin), Albuterol Sulfate Solution 0.083%, 2.5mg/3mL, 3mL Vial, Individually Wrapped	4
Pharmaceuticals: Aspirin 81mg Chewable Tablet	12
Pharmaceuticals: Glucose, Glucose 45™ Glucose Multiple Use Gel Tube, 45g, Lemon Flavor (or equivalent)	2
Pharmaceuticals: Methoxyflurane Inhaler	4
Pharmaceuticals: Naloxone HCl, 0.1mL, 4mg Nasal Spray	4
PPE: Biohazard Trash Liner, Biohazardous Waste Bag, Red with Black, 1 to 3gal, 11 in x 14.25in, 1.25mil Gauge	20
PPE: Cavicide, CaviWipes™ Surface Disinfectant Wipes, 6in x 6.75in, Canister of 160 (or equivalent)	2
PPE: Cavicide, Wall Mount Bracket, White (or equivalent)	1
PPE: Clorox® Healthcare® Citrace® Disinfectant and Deodorizer, 14oz Spray Can, Citrus Scent (or equivalent)	2
PPE: Emesis collection device: Curaplex® Emesis Bag and Dispenser (or equivalent)	1
PPE: Emesis collection device: Curaplex® Emesis Bag, Standard, Thicker LDPE Material (or equivalent)	25
PPE: Exam Gloves, Purple Nitrile® Exam Gloves (L) (100/bx) (or equivalent)	2
PPE: Exam Gloves, Purple Nitrile® Exam Gloves (M) (100/bx) (or equivalent)	2
PPE: Exam Gloves, Purple Nitrile® Exam Gloves (S) (100/bx) (or equivalent)	2
PPE: Exam Gloves, Purple Nitrile® Exam Gloves (XL) (90/bx) (or equivalent)	2
PPE: Face Shield, Full Face Shield, 7-1/2in L x 11-7/8in W	2
PPE: N95 Mask, Moldex N95 Disposable Healthcare Particulate Respirator & Surgical Mask, NIOSH Approved	25
PPE: Non-skid Polypropylene Shoe Cover, Blue, Regular	12

PPE: Non-skid Polypropylene Shoe Cover, Blue, XL	12
PPE: Protective Gown, Medline Thumbs Up® Standard Polyethylene Isolation Gown, Regular/Large, Blue (or equivalent)	6
PPE: Safety Glasses, Purity V20 Safety Glasses, Clear Anti-fog Lens (or equivalent)	8
PPE: Towels, Rag in a Box Aluminum Dispenser Storage Rack (or equivalent)	1
PPE: Towels, Scott® Rags in a Box™ (200/box) (or equivalent)	2
PPE: Trash Liner, Uline Economy Coreless Trash Liners - .23 Mil, 7-10 Gallon (or equivalent)	20
Scissors: Curaplex® Paramedic Shears (or equivalent)	2
Sphygmomanometer: Curaplex® Manual Reusable Sphygmomanometer, Large Adult (or equivalent)	1
Sphygmomanometer: Curaplex® Manual Reusable Sphygmomanometer, Adult (or equivalent)	1
Sphygmomanometer: Curaplex® Manual Reusable Sphygmomanometer, Child (or equivalent)	1
Splint: Corrugated Cardboard Splint, Brown/White, 24in L x 14in W	2
Splint: Corrugated Cardboard Splint,36"	2
Splint: Traction, Optimum Traction Device Traction Splint with Pouch, Street Orange, Adult/Pediatric (or equivalent)	1
Stethoscope: Adscope 603 Stethoscopes – Adult (or equivalent)	1
Stethoscope: Adscope 604 Stethoscopes – Pediatric (or equivalent)	1
Suction: 300ml Disposable Canister w Tubing for Laerdal Compact Suction Unit 4 (or equivalent)	2
Suction: Bemis cannister (Hi-Flow™ Suction Canister with Aerostat Filter, 1200cc, Green)	2
Suction: Bulb syringe, pediatric	1
Suction: Coaxial Vacuum Connector for Laerdal Suction Unit, 33cm (or equivalent)	2
Suction: HI-D™ Big Stick Pharyngeal Suction Tip, 25in L (or equivalent)	2
Suction: Laerdal LSU Suction Unit (Vehicle mounted and powered providing minimum of 30 L/min and Vacuum >300mmHg) (or equivalent)	1
Suction: Laerdal Suction Unit (or equivalent) (or equivalent)	1
Suction: Suction Catheter - 14f	1
Suction: Suction Catheter - 18f	1
Suction: Suction Catheter - 20f	1
Suction: Suction Tubing, 1/4in x 6ft L	2
Tape: 3M™ Transpore™ Surgical Tape, Clear, 10yd L x 1in W (or equivalent)	5
Tape: 3M™ Transpore™ Surgical Tape, Clear, 10yd L x 2in W (or equivalent)	2
Thermometer: R 300 Non-Contact Infrared Thermometer FDA Approved (or equivalent)	1
Tourniquet: SAM Junctional Tourniquet (or equivalent)	1

Tourniquet: Tourniquets, Single-Handed Application Tactical Emergency Tourniquet	2
Triage: MCI Compact Optimized Triage Ribbon Kit (or equivalent)	1
Triage: Triage Tag, 8in H x 4in W	50
EMT Response Pack:	1

BLS Ambulance EMT Response Pack:

All BLS Ambulances under the AHJ will be equipped with an EMT Response Pack, this kit allows the EMT's to function away from the ambulance and provide full care with their Monitor/Defibrillator and oxygen bottle.

<u>EMT Response Kit:</u>	Quantity
Airway: #1 I-gel O2 supraglottic airway	1
Airway: #1.5 I-gel O2 supraglottic airway	1
Airway: #2 I-gel O2 supraglottic airway	1
Airway: #2.5 I-gel O2 supraglottic airway	1
Airway: #3 I-gel O2 resus pack supraglottic airway	1
Airway: #4 I-gel O2 resus pack supraglottic airway	1
Airway: Oral airway set for adult and pediatric	1
Bandage: RHINO RESCUE 6" Israeli Style Emergency Bandage (or equivalent)	1
BVM: Ambu® Pediatric SPUR® II BVM Bag Reservoir, Toddler Mask, Pop-off Valve, Manometer, PEEP Valve (or equivalent)	1
BVM: VT Select™ BVM, Adult Mask, Manometer, PEEP Valve, Filter (or equivalent)	1
Dressing: Hemostatic Clotting Agent, Adventure Medical Kits QuikClot Gauze 3" x 24" (2 Strips) (or equivalent)	1
Dressing: Hemostatic Injector System XSTAT® P30 (or equivalent)	1
Dressing: Kendall 6715 KERLIX 4.5 in x 4.1 yd Gauze Roll (or equivalent)	1
Dressing: Medline Woven Gauze Sponges, Sterile, 12-Ply, 4 x 4 Inches, Box of 50 (or equivalent)	20
EtCO2/Oxygen: Curable® EtCO2/O2 Oral-Nasal Cannula with Universal Connector, Pediatric (or equivalent)	1
EtCO2/Oxygen: Curaplex® EtCO2/O2 Oral-Nasal Cannula with Universal Connector – Adult (or equivalent)	1
EtCO2: Curaplex® EtCO2 Sampling Line with Airway Adapter Intubated, Adult and Pediatric, 7ft Tubing (or equivalent)	1
Oxygen: Nasal Cannula Pediatric	1
Oxygen: Nebulizer with mask – Adult	1
Oxygen: Nebulizer with mask - pediatric	1
Oxygen: Non-rebreather mask - Adult	1

Oxygen: Non-rebreather mask - Adult	1
Oxygen: Non-rebreather mask - Pediatric	1
Pack Organizer: Deluxe Organizer	3
Pack Organizer: Divided Organizer Pocket	2
Pack: Conterra ALS Extreme Pack (or equivalent) or hard case(s) (or equivalent)	1
Patient Blanket: Emergency Foil Thermal Blanket	1
Patient Sheet: Curaplex® Flat Sheet, Fluid Resistant, 84in x 50in, Navy Blue (or equivalent)	1
Patient Towel: Disposable Large Towel 32x16 inches	2
Pharmaceutical: Albuterol Sulfate Solution 0.083%, 2.5mg/3mL, 3mL Vial, Individually Wrapped	2
Pharmaceutical: Aspirin 81mg Chewable Tablet	4
